

TABLE OF CONTENTS

Introduction

Geologic map of the MTM 85080 quadrangle, Planum Boreum region of Mars

By K.E. Herkenhoff

Geologic and topographic mapping of the south polar region of Mars: Local stratigraphic relations and troughs of Planum Australe

By E.J. Kolb and K.L. Tanaka

Geologic mapping of the Reull Vallis region of Mars

By D.A. Crown and S.C. Mest

Progress in geologic mapping of the northern plains of Mars

By K.L. Tanaka, M.G. Chapman, J.A. Skinner, T. Joyal, A. Wenker, and T.M. Hare

South Isidis rim: Testing geologic contact mapping using MOC data

By L.S. Crumpler, K.L. Tanaka, and T.M. Hare

Geology of Bereghinya quadrangle (V-8), Venus

By G.E. McGill

Geologic mapping and history of the Ovda Regio quadrangle (V-35), Venus

By L.F. Bleamaster and V.L. Hansen

Rusalka Planitia quadrangle (V-25), Venus: Early results

By D.A. Young and V.L. Hansen

Hestia Rupes (V-22) and Ix Chel Chasma (V-34) quadrangles

By M.S. Gilmore and R.S. Saunders

Nepthys Mons quadrangle (V-54): Progress report for year 1

By N. Bridges

Geologic mapping in Ganiki Planitia (V-13), Venus

By M.A. Ivanov and J.W. Head

Stratigraphy and evolution of Quetzalpetlatl Corona (V-61), Venus

By M.A. Ivanov and J.W. Head

Mapping of the Hecate Chasma quadrangle (V-28), Venus

By E.R. Stofan and J.E. Guest

Planetary geologic map units: Limitations and implementation

By K.L. Tanaka and J.M. Dohm

A virtual collaborative web environment for Mars surface science studies

By V.C. Gulick, D.G. Deardorff, G.A. Briggs, T.A. Sandstrom, and Y. Hung

Field trip notes: Geologic controls on select springs near Flagstaff, Arizona

By D.J. Bills

Planetary Mappers Meeting agenda

Attendance list
